Patient Hub

Informed patients are better patients

Patient information at each step of the clinical pathway

- Get messages, links and surveys tailored to me, based on my conditions, interests, healthcare providers I visit or the services I use.

Regularly receive condition specific news into my inbox

- Help me with self care information, get involved with clinical research, join support groups or new pilots

Relevant patient surveys

- Surveys released to me at each step of my clinical pathway, making questions more relevant and easier to answer

Citizen participation and involvement

- Target news, information and surveys based on preferences to galvanise my support in the planning, co-design, delivery and evaluation of local services

Appointment reminders by SMS and email

- Stay in regular contact with me through different communication channels to ensure I don't waste appointments

Get involved

- Sign up for tailored alerts on new guidelines, clinical trial opportunities and clinic changes.
- Receive invitations for relevant events – open days, information sessions.

Share Survey reports and more

- Find out what other people said in the surveys I took part in

Receive personalised news content

- Search news by keyword to ensure that I don't miss anything
- My News, right to my inbox daily, weekly or once a fortnight

Public health alerts and information

- Alerts for me, my carers and my family
- Videos and behaviour change info, tailored to me and my demographics

Schedule information along whole clinical pathways to deliver health literature and support pathway by pathway and patient by patient.

Fully integrated with the Patient Connect smartphone app and complete with a world-class patient feedback module, Patient Connect is designed to meet your every patient engagement need.
